

"Let All Creation Sing!"

November 2008

Chime Ringers Needed -

If you've ever thought about joining one of the fun groups from our church - this is the one to join! We rehearse weekly at 11:30 on Sunday mornings and play in church about once a month. Music reading experience is helpful, but not necessary. See Tara or any "Taymouth Chimer" for details!

Special Thanks -

To our anonymous donors for the gift of sound! Due to a generous gift, we have recently been able to add amplifiers, a new mixer, hanging mics and more wireless microphones. The new system includes updates that allow existing speakers in the Nursery and Fellowship Hall to function independently plus incorporates the newer sanctuary speakers as monitors. We are also able to make CD recordings of our Sunday morning services for those unable to attend. Again, our grateful thanks to our special donors.

Our choirs are growing! As mentioned in earlier newsletters, we have divided the kids and youth into two groups - Kids' Choir (preschool to grade 1) and Middler Group (grades 2-5). If you had the chance to see and hear our young singers a couple of weeks ago, you might have noticed how many new faces have joined us. We are delighted to be working with such wonderful young people! Watch for them again on December 14th as we have a special holiday youth service planned.

Mark Your Calendars.....

Our annual Christmas Caroling will take place on December 14th with lots of music, fun, fellowship - oh, and yes - hot chocolate and cookies! Watch next month's newsletter for more information!

Teen and Youth Singers Needed -

We are presenting a program on Christmas Eve which requires the voices of some of our talented youth. Only a couple rehearsals are needed. Please join us for this special event. Contact Tara for details.

Taymouth Presbyterian Church

Music Season 2008-2009

"God saw all that he had made and it was very good" Genesis 1:31
